

## MetalOnMetal1 - Noise 1-2 - Battery2 Kontakt2 Wave

This post contains the downloads for Metal On Metal Pack 1 plus Noise 1 and 2

### Metal On Metal

This pack contains the original 24 Bit 44.1 stereo waves of metal being struck against metal that was posted last year, now reposted with Battery2 and Kontakt2 presets.

This will make a great addition to your percussion archives, there are a few good deep thuds in here, plus metal tings, rattles and vibrations.

### Noise 1 and 2

The second re-post is Noise mini Packs 1 and 2 merged into one pack, now with Battery2 and Kontakt 2 presets.

Quite a varied selection of sounds in this pack from the car engine starting to tins, poppers, metal objects, terracotta pots breaking, electric doors etc.
